

Each and Every human works for one single motive each and every moment. The motive is to be happy. Most of us do not know how to get that happiness and we join the rat race. We mimic the society to search happiness in falsehoods of pride, money, fame and so on. However, ever after so many accomplishments happiness is no where visible. The book attempts to find true happiness by using one of the basic laws of Universe-The Law of Love system. This law is not new to us and each and every one of us is already aware of the law at some level of our being. One who understands the law is already following the law. The law leads to happiness by building better relationships, by freedom from covetousness of money and accumulations etc and by discovering true sense of being and Oneness One of the differences between Human and animal is the sense of Identity. Human identify itself by name, status, religion, caste, race, place etc. Human compares itself with others, judges itself and its place in society. All this forms part of human ego. Ego with sense of mindfulness or oneness is good but Ego without sense of mindfulness or oneness give rise to pride, insecurity, anger, jealousy, greed etc. which leads to unhappiness. What is Oneness? Let us not perceive the world through five senses(Eyes, Nose, Tongue, Ears & Skin) & mind functions (Emotions, Identity & Intelligence) for some time. Once this is done and you listen to your soul, you will decipher the real world of Oneness. Blessed is one who knows God and his traits of Love and Oneness. The one who is devoid of God's blessings is ignorant and feels secure in falsehoods of acquired money, property, status and accomplishments etc. The book attempts to differentiate between right action and wrong action. The right action leads to happiness. The fine line which divides the two is very confusing and people with good faith ends up pursuing wrong action if they are not aware of the law. For example we know that charity is good. Many times we give alms without thinking of its application. Here comes the catch. If you give alms and the alms are used for ill purpose then you are also participant in the crime. Hence one should always be mindful of his/her action. The word soul has been used which may be referred to as God, Self or the bidding element present in all of us.
