

Sandwiched between the Golden Age of the 40s and the Silver Age of the 60s, the comics of the 1950s remain underrated. Full of imagination, colorful characters and plots, the times of Cold War, atomic mutations, and anything-goes storylines are a wealth of entertainment that today's generation seldom gets to see. Now you can enjoy classic comics of the 1950s again with these public domain reprints from Calumet History and Hobby. This book contains the complete issues of The Beyond #25 - #26 - #27, in print for the first time in over half a century!
