

Whether you are conscious of it or not, you have an average of 60,000 thoughts per day (24 hours). Isn't that amazing? The human mind thinks an average of 42 thoughts per minute. I think you'll agree that, that is a lot of thinking. But unfortunately more than 70 percent of people in the world end up wasting the great asset (60,000 thoughts) daily, and to so many, the 60,000 thoughts are greatly polluted that any attempt to process and work with it will automatically lead to destruction. So in order to help you make a proper use of your mind and to bring to your knowledge the power of your thought, this book is here. Do everything possible to fall in love with the information in this book, because holding this book in your hand is having your success in your hand. Falling in love with this book is falling in love with a successful life. Therefore, I will like to advise you, don't just read through but apply the information to your day to day activities, to yourself and watch your life take a new chapter for good. At the end, I believe, you will be glad you laid hold on this book.
