

Queen Asherah, a sibling Principality to Prince Marduk, cursebinds the beasts of nature to follow her against their will. Leviathans, naftalim, behemoths, and byarns join her invasion force as it gathers on the Channel of Borealis facing the Javin heartland. The nation of Javin flees as refugees to the Middle Kingdom while the Sceptres Army races across the continent towards the Channel to thwart the invasion. The enemy would establish a beachhead in hours if the Army catapults were anywhere but on that beach. Outwitted and outmatched, common sense says flee, but the Sceptres cling to belief that they own the victory.
