The astral plane, also called the astral world, is a plane of existence postulated by classical (particularly neo-Platonic), medieval, oriental, and esoteric philosophies and mystery religions. Along with him there are various planes intertwined with the quotidian human world and are all inhabited by multitudes of entities. Each plane is purported as composed of discrete density of astral or ethereal matter and frequently the denizens of a plane have no discernment of other ones. The astral world is often synonymously referred to as the astral plane It is believed that disembodied people are not the only inhabitants of the astral world.

The lower astral plane is where a soul who has lived rather evil or completely Our soul goes here, for most people, following physical death on the earth plane.
